

COMMUNICATIONS SOLUTIONS THAT EXCEED YOUR EXPECTATIONS

At Parallel, we believe technology should enhance your business. From complete installation and set-up of new VoIP phone systems, to carrier services, structured cabling and video conferencing, we make it easy. That's why thousands of businesses choose Parallel to design, implement, and manage their communications organization.

Our mission is to provide you with a comprehensive communications recommendation that meets your strategic business objectives and controls or reduces your costs. Our vision will enable your company to experience the benefits of rapidly evolving communications technology. Our purpose is to deliver a customized solution with responsive, reliable service. The entire staff at Parallel Technologies, Inc. appreciates the opportunity to earn your business.

WHY PARALLEL?

As a trusted partner, we take the time to understand your unique business needs and strive to continually exceed your expectations. Our technical knowledge and state of the art service offerings allow us to provide best-in-class business communications solutions to companies of all sizes.

Streamlined, Secure Solutions

Strategic partnerships with top-rated equipment and service providers mean we are able to serve as a single point of contact for all of your communications needs. From small businesses to corporations with multiple locations, we provide integrated solutions that improve efficiency, reduce costs, and let you focus on running your business.

Proven Experience

With over 35 years of industry experience and 4,000 customers, Parallel is known for providing customized solutions that increase productivity and the bottom line. Our family of customers includes companies across various industries, including healthcare, government, financial services, education, retail, and more.

Exceptional Service

Our dedication to customer service has earned us numerous industry awards and validates that when you partner with Parallel, you not only choose a communications provider, but a true business partner that is focused on your needs.
